

As a valued member of the ECHO / AFC Transportation family, we appreciate the trust you place in us and our people when you travel.

In the current Environment, it's important for all of us to travel smart and more consciously. That's why we want to update you on the enhanced steps ECHO / AFC are taking to ensure your health and safety in your travel with us.

ECHO / AFC has taken proactive and voluntary steps to help customers have a safe healthy transportation experience:

1. Disinfecting surfaces is one keyway to minimize the spread of viruses, according to the CDC and WHO. Vehicles are sprayed with disinfectants between services and cleaned thoroughly each day.
2. Arming employees with facts and supplies
 - Information – General updates and role specific guidance are being provided to employees.
 - Providing hand sanitizer (upon availability), gloves and masks.
3. We are asking that employees refrain from handshakes and wash hands regularly as well as using hand sanitizers.
4. We are a Paperless company which reduces the probability of viruses being transferred in the workplace.
5. Suspended the placement of bottled waters and marketing materials in the back seats of vehicles.
6. Employees that are ill are asked to remain at home (self-isolate) when and while they are contagious.

Our commitment is to provide safe, reliable transportation to our clients which includes YOU.
